Surveying and Mapping
Volume XX

This index, compiled by A. J. Wraight, includes all principal articles and all news items, shorts, etc., that have reference value that were published in Volume XX (1960) of SURVEYING AND MAPPING. The principal articles are indexed by subject and author; other items by subject only. References are to volume and page, for pagination is continuous through the volume.

The following issues were published in 1960:

Volume XX

March (pp. 1–144 + V)

June (pp. 144–280)

September (pp. 281–400)

December (pp. 401–544)
